8-7-18 RULES

On kickoffs, players over the weight limit must be in the front line and cannot advance the ball if it is kicked to them.

4. Players will be weighed-in during the first two weeks of practice, if they are below weight limit at this initial weigh-in they are cleared for the entire season, no other weigh-ins will be conducted. Players **exceeding the weight limit** will have helmets marked with black tape.
5. Players over the weight limit will only be allowed to advance the ball in any interception or fumble recovery situation.

TIMING:

1. 15 minute quarters with a running clock. Clock stops only during timeouts. 10 minute half time.
2. Three, 60 second time outs per half.
3. The offensive team has 30 seconds to start a play after the ball is spotted. The intent of this rule is to keep the game moving and prevent intentional delays by the offensive team. The officials should work with the offensive team to keep the game moving.

LIGHTNING DETECTION:

Laramie Youth Football has adopted the Albany County School District policy regarding lightning during practice or games. A handheld lightning detector is anticipated to be used. The guidance below accounts for Flash-to-Bang procedures as well as distance detected on a hand held device. A 30 second flash to bang count corresponds to a distance of six miles, which should provide ample opportunity to remove any athletes from the playing field and get them to a safe shelter.

1. Count of Flash-to-Bang outside of 30 seconds: lightning at greater than 8-20 miles and 20 - 40 miles - NO ACTION IS REQUIRED but should be monitored.
2. Count of Flash-to-Bang under 30 seconds: lightning at 3-8 miles: ACTIVITIES SUSPENDED. Coaches must move students to safety.
3. Count of Flash-to-Bang inside 10 seconds: Lightning 0-3 miles: ACTIVITIES SUSPENDED.
4. If high school teams suspend activities due to lightning, LYF teams practicing at the high school must also clear fields.

It is recommended to wait 30 minutes after the last flash of lightning is witnessed if a hand-held detector is not used.

If a lightning delay occurs during the first half of the game during the regular season, the delay will be executed according to the details above. If a lightning delay occurs in the second half during a regular season game, the game will be called and the score will be posted as final. If the delay occurs during the second half of a playoff game, it will be postponed and rescheduled at a later date.

OVERTIME:

1. If the score is tied at the end of the regulation game, play will continue through four (4) downs (or score) for each side.
2. Upon the toss of a coin, the winner of the toss may elect to go on the offense at the opponent's ten (10) yard line, or defend on their own ten (10) yard line.
3. After the offensive side's four (4) down (or score), the opposition takes possession and has four (4) downs to score. If either side scores, it may attempt extra points.

2. Extra Point: Running the ball 1 points
Passing the ball 2 points
3. Kicking extra points and field goals: 1 point for extra points, 3 points for field goals

4. No blitzing is allowed. Linebackers and defensive backs must line up a minimum of 3 yards off the line of scrimmage. They must read the play first and then pursue. Blitzing is defined as linebackers or cornerbacks/safeties moving forward at or prior to the snap of the ball. Once the play has begun all defenders may cross the line of scrimmage.

If it the ball does not travel 10 yards in the air, the receiving team will get the ball at the 50 yard line.
2. A kicking tee will be used and has been provided to coaches.
3. The kick off will commence once the official blows the whistle to start play.
4. The first line of players from the receiving team will be set at their own 40 yard line.

FINAL STANDINGS TIE-BREAKERS

In the event of a tie, season standings will be determined as follows:
